PORTAL UPGRADES

Following feedback from users, enhancements have been made to the portals, which simplify closing projects. The changes are:

- Performance assessment – agency users now have the option of providing an overall assessment
- Assessment descriptions have been added
- Projects are to be closed at the time of completing the performance assessment
- The supplier will be prompted to provide project learnings within four weeks.

The text to guide users has been updated.

CYBER SECURITY SERVICES PORTAL (CSSP)

The CSSP provides agencies with a simple and efficient way to procure cyber security services. Such services can include the implementation of an Information Security Management System as required by the [Information Security Management Framework](#). If you would like access to CSSP please complete the [Agency online registration form](#).

AGENCY USERS
