Average value of projects completed	~\$84 K

FOR SUPPLIERS – NEW LOW RISK ICT PROJECTS PORTAL

A new portal for the transactions of Low Risk ICT Projects, up to the value of \$100,000 (incl. GST), will be available from January 2015.

The intention is to significantly simplify the process for Suppliers engaging with Agencies for low risk and low value ICT projects. The liability for Suppliers is one times contract value. Projects valued at less than \$20,000 will not attract the State Levy.

The scope of the Low Risk ICT Projects is:

- Governance design/implementation
- Strategy development/implementation
- Project analysis
- Capacity planning
- ITIL related services
- Project management
- General and strategic consulting
- Other specialist ICT projects

All current eProjects Panel suppliers have received a notification email that supplier membership applications are open. Please ensure your contact details in the eProjects Panel portal are current in order to receive emails. The Supplier Application Pack includes application forms, a Guide to assist in completing the forms and the DMP Low Risk ICT Projects Agreement. The pack is available at:

[Low Risk ICT Projects Supplier Application](#)

FOR AGENCY USERS – NEW LOW RISK ICT PROJECTS PORTAL

Over the coming months more information will be provided to agencies about the new Low Risk ICT Projects portal and agreement. A simple 3-page Customer Agreement is used to engage suppliers. For access to the new portal please complete the [Agency User Online Registration Form](#) for login details. More information about the Low Risk ICT Projects portal can be found at:

<https://lowrisk.eprojects.sa.gov.au/Documentation>

INDUSTRY PARTICIPATION POLICY

The Industry Participation Policy applies to transactions undertaken via the portals.

Information is available here:

<http://www.dpc.sa.gov.au/office-industry-advocate>

MEET THE BUYER – PROFESSIONAL SERVICES

Representatives from eProjects Panel Contract Authority attended the Adelaide Pavilion to meet interested suppliers. If you are interested in the next 'Meet the Buyer' event 'Information Communication Technology' on 23 April 2015 please email the Office of the Industry Advocate at uia@sa.gov.au to register your interest.
